

CORE DRILLS

Aero® has become a name recognised by the professional. The unique and patented Aero® design is a massive step forward in concrete cutting technology.

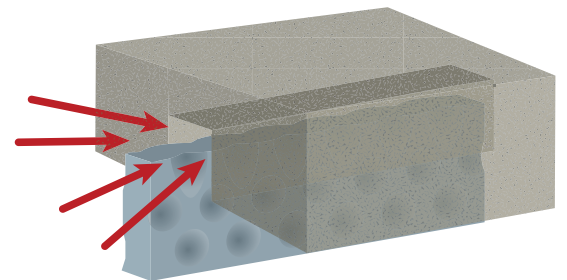

THE AERO ADVANTAGE

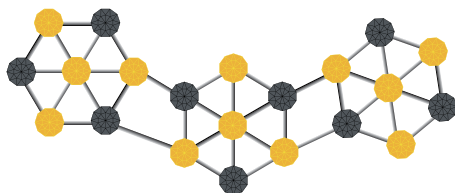

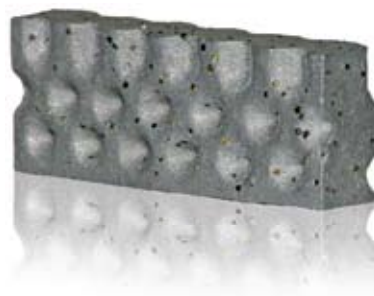

Better Water Coverage

- Clears slurry out faster
- More water around point of cut

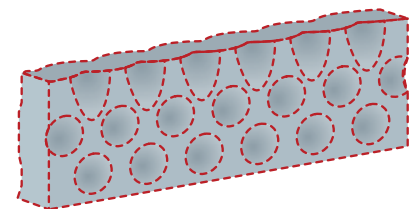

Less Friction

- Faster cutting
- Less drag on the segment

Advanced segment composition

- Larger diamonds increase speed of cut, especially in steel
- Longer life due to quality bond system

More cutting edges

- Faster cutting
- Free cutting in steel
